Questions on UOCAVA?

PROVISIONAL BALLOTS

2016

Why, why, why?

Provisional Ballots

- In the past they were called “Question Ballots”
- Then they were called “Ballots to be Verified”
- Along came the Help America Vote Act (HAVA) -
 - Many states did not provide this option to their voters
- So, the name changed again
 - 2003 The Forty-sixth Legislature - First Regular Session SB 1075 changing the name from Ballots to be verified to PROVISIONAL BALLOTS to comply with HAVA

The intent of the provisional ballot is that all voters have an opportunity to vote and have the eligibility of that ballot to be reviewed rather than the voter being turned away from the polls.

The “Right to Vote a Provisional Ballot”
is posted in every polling place

Who may have to vote a Provisional Ballot?

- Voters who have moved and not updated their registration
 - NOTE: These are also what we consider “new residence” ballots. They will be used to update a voter’s address.
- Voters who are not eligible to vote in the election
 - Too young, registered after cutoff, request different party
- Voters who do not have sufficient ID
 - May come back with proper ID and have 3 days after the Primary to do so.
- Voters who provide an ID with an address which is different than the address in the signature roster
- Voters who requested and returned an early ballot
- Voters who are not registered

More reasons:

- Voters who have changed their name since they first registered
- Voters with a protected address
- Voters who are not registered
- Voters in the wrong polling place
 - **NOTE:** If the voter is in the wrong polling place poll workers should direct the voter to the correct polling place. If voter insists on voting in the wrong precinct the voter will be given a provisional ballot.

WILL MY PROVISIONAL BALLOT COUNT?

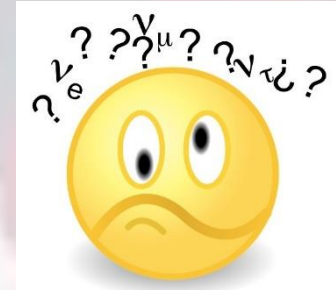

WHAT COUNTED?

- New resident ballots
- Office error occurred
- Protected Voter
- Name Changes
- ID address didn't match
- ID provided at the polls
- ID provided post Election

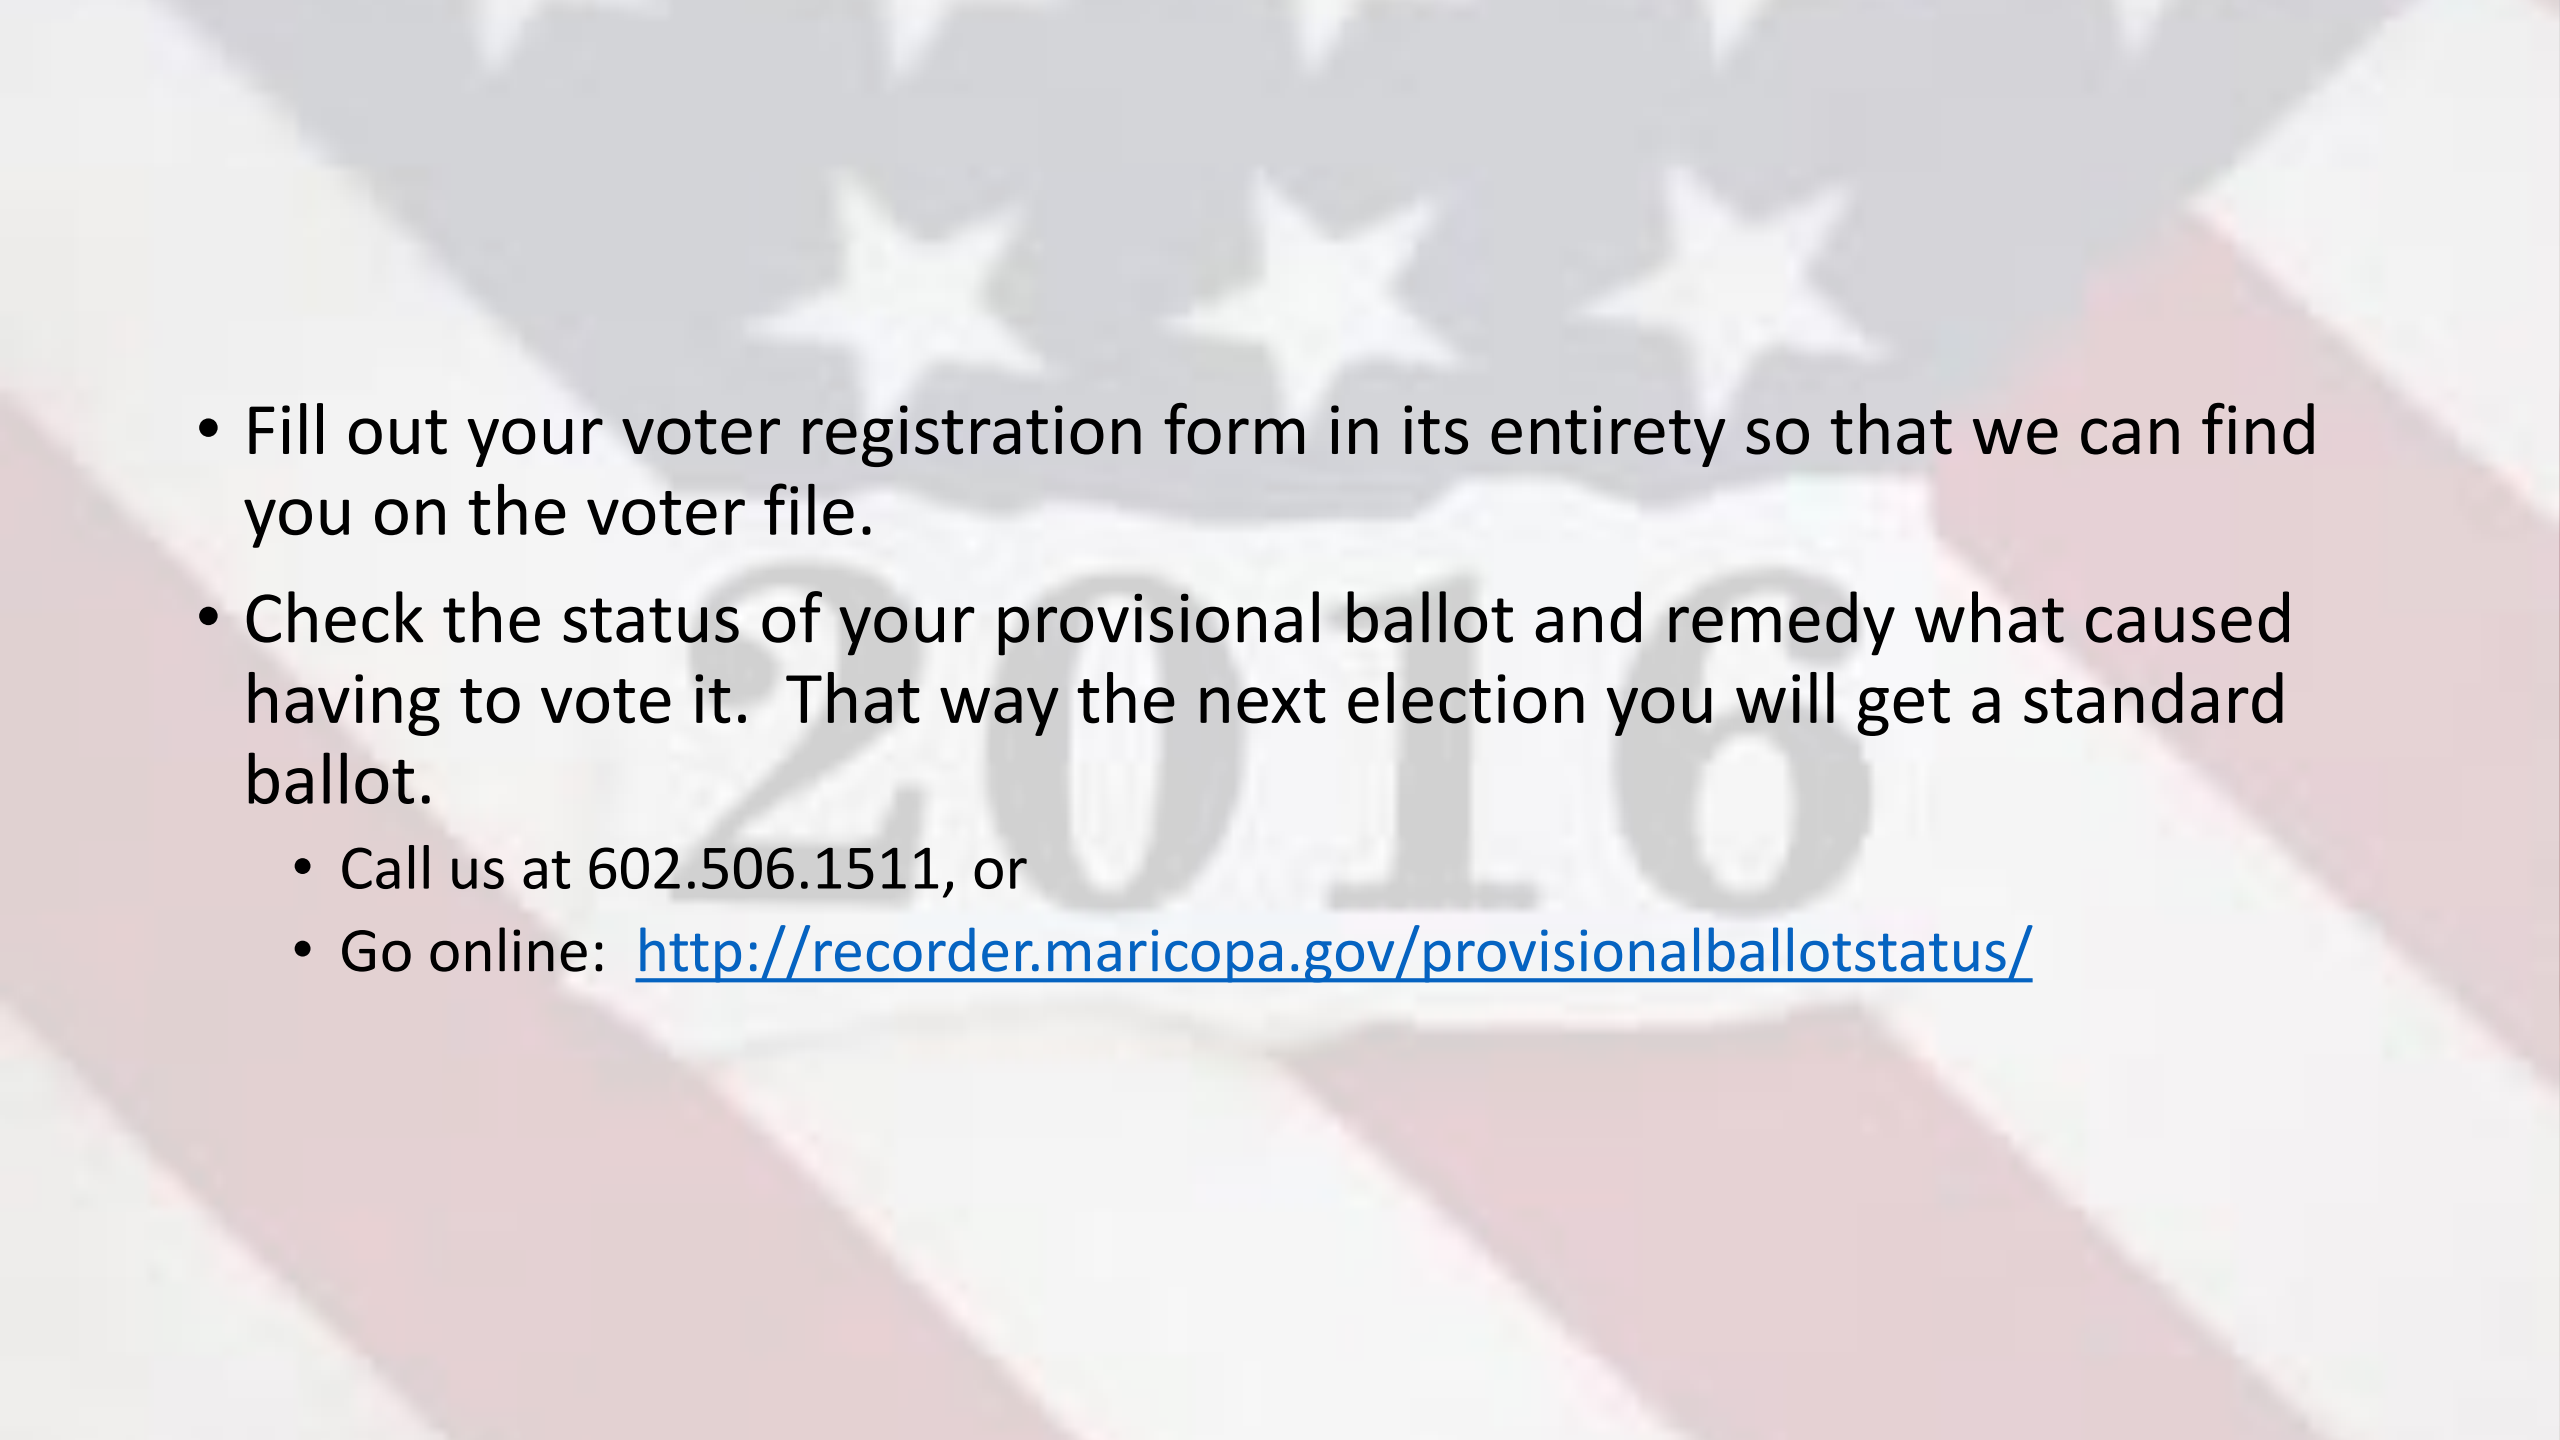

WHAT DIDN'T COUNT?

- Not registered
- Incomplete information
- Not eligible
- Early ballot counted
- Wrong polling place
- Signature did not match
- Insufficient ID at the polls
- Insufficient ID post election
- No ballot in envelope

How can a voter prevent voting a Provisional Ballot?

- Keep your registration current
 - Re-register if you move
 - Be sure you are registered to your party preference (or not)
 - Name change? Re-register
 - Go online to check:
<https://recorder.maricopa.gov/earlyvotingballot/voterregistrationlookup.aspx>
- Verify your polling place before election day
 - <http://recorder.maricopa.gov/pollingplace/>
- Does your ID address match your Voter ID address?
- Take sufficient ID with you when you go to vote
- If you have a protected address you will **always** vote a provisional ballot since you cannot be listed in the signature roster (ePollbook)

- 
- Fill out your voter registration form in its entirety so that we can find you on the voter file.
 - Check the status of your provisional ballot and remedy what caused having to vote it. That way the next election you will get a standard ballot.
